

SQL Server Backup and Recovery Course

In the wise words of Benjamin Franklin, “If You Fail to Plan, You Are Planning to Fail.” This timeless adage holds particular relevance when it comes to safeguarding your SQL Server databases. A failure to adequately prepare for data loss scenarios—be it due to hardware malfunctions, data corruption, or increasingly prevalent ransomware attacks—can have devastating consequences for your business.

The Common Problem: Lack of Preparedness

Despite the rising risks, it’s shocking how often we encounter businesses that are inadequately prepared for SQL Server crises. Around 90% of new clients who come to us during a SQL Server emergency either have no backups at all or possess outdated backups that are a year old or more.

Our Solution: Comprehensive SQL Server Backup and Recovery Course

We are committed to addressing this widespread issue. That’s why we’ve developed a comprehensive SQL Server Backup and Recovery Course that leaves no stone unturned. Designed by industry veterans with over 30 years of DBA experience, this course is your one-stop solution for mastering the essential skills needed to protect your data assets effectively.

Special Offer: 25% Discount on Enrollment

To make it easier for you to take that crucial step toward safeguarding your SQL Server databases, we are currently offering a 25% discount on the course fee. Don’t miss this opportunity to invest in the long-term security and success of your business.

The banner features the Stedman Solutions, LLC logo in the top left corner, which includes a stylized database icon. The main text is centered and reads: "SEPTEMBER SPECIAL" in large, bold, blue letters with a white outline; "25% OFF" in large, bold, yellow letters with a black outline; "SQL SERVER BACKUP AND RECOVERY COURSE" in bold, blue letters with a white outline; "Use coupon SEPT25BACKUP" in blue letters; and "VALID SEPTEMBER ONLY" in white letters on a dark blue background at the bottom.

So don't wait – take advantage of this amazing offer today! Head over to <http://SteveStedman.com/backup> to learn more and enroll in the course. Just use the code [SEPT25BACKUP](#) at checkout to get your 25% discount.

Don't let your lack of preparation today become tomorrow's crisis. Plan for success and safeguard your business by enrolling in our SQL Server Backup and Recovery Course.
